

TILZ SPA BY TILDA

Launch Campaign & Growth Plan

Phase 4 — Launch & Growth
Prepared by HAMZURY Business Services

1. Pre-Launch Strategy (2 Weeks Before Opening)

WEEK 1: BUILD ANTICIPATION

- Day 1-2: Create Instagram & TikTok accounts. Follow 200-300 Abuja-based accounts (women, professionals, lifestyle, beauty)
- Day 3: Post first teaser — dark/moody close-up of spa detail. Caption: "Something beautiful is coming to Wuse 2..."
- Day 4: Stories poll — "What's your favourite way to relax?" (builds engagement before launch)
- Day 5: Second teaser — logo reveal carousel (3 slides: blurred → clear → full brand)
- Day 6: Share brand quote graphic: "Beauty is not about being noticed. It is about feeling restored."
- Day 7: Behind-the-scenes Story — space being prepared (shows authenticity)

WEEK 2: GENERATE DEMAND

- Day 8: Service announcement post — "Introducing Luxury Bathing Rituals" with description
- Day 9: Interior reveal — 5-photo carousel showing the space. Tag @tilzspa location
- Day 10: TikTok: POV walking into the spa (trending audio, slow reveal)
- Day 11: Instagram Reel — product close-ups with ASMR sounds

2. Launch Day Plan

SOCIAL MEDIA (ALL PLATFORMS)

- 9:00 AM — "We're OPEN" post — hero shot of the spa entrance/interior
- 10:00 AM — Story: First client welcomed (with permission)
- 12:00 PM — TikTok: Tour of the space with music
- 2:00 PM — Story: Treatment in progress (tasteful, premium angles)
- 4:00 PM — Instagram Reel: Compilation of launch day moments
- 6:00 PM — Gratitude post: "Day 1 is everything we dreamed. Thank you Abuja."
- All day: Respond to every DM and comment within 1 hour

LAUNCH OFFER (OPTIONAL)

Consider a soft launch offer to drive first bookings:

- First 10 clients get 20% off their first treatment
- OR: Book a Bathing Ritual, get a complimentary hand treatment
- OR: Refer a friend — both get ₦5,000 off next visit

Don't discount too heavily — this is a premium brand. Small gestures > big discounts.

3. First 30 Days Growth Plan

WEEK 1-2: ESTABLISH PRESENCE

- Post daily (feed or Reel) — minimum 5 per week
- Stories: 3-5 per day (mix of behind-scenes, polls, availability)
- Respond to every comment and DM
- Follow and engage with Abuja lifestyle/beauty accounts
- Ask every client for a Google review

WEEK 3-4: BUILD COMMUNITY

- Repost client content (with permission) — builds social proof
- Start "Client of the Week" feature in Stories
- Collaborate with 2-3 Abuja influencers (micro — 5K-20K followers)
- Create a referral program: ₦5,000 credit for every successful referral
- Post weekly availability update every Sunday evening

4. Influencer & Partnership Strategy

TARGET INFLUENCERS (ABUJA-BASED)

Look for micro-influencers who match the brand aesthetic — clean, premium, feminine:

- Lifestyle bloggers (Abuja life, self-care, wellness)
- Beauty content creators (skincare, nail art)
- Corporate women with personal brands (lawyers, bankers, entrepreneurs)
- Wedding planners and event stylists (for bridal package pipeline)

COLLABORATION APPROACH

- Offer complimentary treatment in exchange for honest review content
- No scripts — let them share their genuine experience
- Minimum deliverable: 1 feed post + 3 Stories with location tag
- Target 2-3 influencers per month for first 3 months

STRATEGIC PARTNERSHIPS

- Hotels in Wuse 2 / Maitama — guest referral partnership
- Bridal shops and wedding planners — bridal package referrals
- Corporate offices nearby — employee wellness packages

- Real estate agents — "welcome to Abuja" gift vouchers for new residents

5. Paid Advertising Direction

WHEN TO START ADS

Don't start paid ads until you have at least 20 posts, 500+ followers, and consistent organic engagement. Ads amplify — they don't replace — good content.

INSTAGRAM/FACEBOOK ADS

- Budget: Start with ₦5,000 - ₦10,000/day (₦150K-300K/month)
- Objective: Reach or Traffic (WhatsApp clicks)
- Target: Women 25-55, within 15km of Wuse 2, interests: spa, beauty, self-care, luxury
- Creative: Video (30s spa tour) or carousel (3 service highlights)
- CTA: "Book via WhatsApp" or "Learn More" → website

GOOGLE ADS (SEARCH)

- Budget: ₦5,000 - ₦8,000/day
- Keywords: "spa near me Abuja", "luxury spa Wuse 2", "pedicure Abuja", "spa treatment Abuja"
- Ad copy: "Tilz Spa — Luxury Treatments in Wuse 2. Book Your Visit Today."
- Landing page: tilzspa website with WhatsApp CTA

6. Client Retention System

LOYALTY PROGRAM

Simple stamp-card approach (digital via WhatsApp):

- Every 5th visit: Complimentary add-on treatment (hand massage, scalp treatment)
- Every 10th visit: Free signature treatment of their choice
- Birthday month: 15% off any treatment

REACTIVATION MESSAGES

If a client hasn't visited in 30 days, send:

"Hi [Name] ♦ It's been a while! We miss you at Tilz Spa. We have some beautiful new treatments we think you'd love. Would you like to book a visit this week? ❤️"

If 60 days:

"Hi [Name], we were thinking about you today. Life gets busy — we understand. Whenever you're ready for a moment of calm, we're here. Book anytime → [link] ♦"

REVIEW COLLECTION

- After every visit, send: "Thank you for visiting ♦ Would you mind leaving us a quick review on Google? It really helps other women find us. [Google review link]"

- Target: 5+ Google reviews in first month, 20+ by month 3

7. 90-Day Growth Milestones
